Important notice: This presentation does not constitute an offer to sell or a solicitation of an offer to buy any security in any jurisdiction to any person to whom it is unlawful to make such an offer or solicitation in such jurisdiction.

Forward-looking statement: This presentation contains forward-looking information within the meaning of applicable securities laws. All information and statements other than statements of historical facts contained in this presentation are forward-looking information. Such statements and information may be identified by looking for words such as “about”, “approximately”, “may”, “believes”, “expects”, “will”, “intends”, “should”, “plans”, “predicts”, “potential”, “projects”, “anticipates”, “estimates”, “continues” or similar words or the negative thereof or other comparable terminology. Such forward-looking information includes, without limitation, statements with respect to: the anticipated timing and closing of the proposed acquisition, the benefits that may accrue to Uni-Select and its shareholders as a consequence of the proposed acquisition, the pro forma capitalization of the combined company, accretion resulting from the proposed acquisition, growth prospects for the UK automotive aftermarket parts market, prospects for growth for Uni-Select into the larger European market, expectations regarding timing of post-acquisition deleveraging and the entering into of the additional financing arrangements for the proposed acquisition. Actual events or results may differ materially.

The forward-looking information is based on certain key expectations and assumptions made by Uni-Select, including completion of the proposed acquisition on terms set out in the share purchase agreement and satisfaction of all conditions to closing, the ongoing performance of The Parts Alliance business, the ability to retain key employees of The Parts Alliance, the ability to generate synergies consistent with management’s expectations and the absence of undisclosed costs or liabilities associated with the acquisition. Although Uni-Select believes that the expectations and assumptions on which such forward-looking information is based are reasonable, undue reliance should not be placed on the forward-looking information since no assurance can be given that they will prove to be correct. Since forward-looking information addresses future events and conditions, by its very nature it involves inherent risks and uncertainties. Actual results could differ materially from those currently anticipated due to a number of factors and risks. These include, but are not limited to, failure to close the proposed acquisition, failure to realize the benefits of the proposed acquisition, potential undisclosed liabilities associated with the proposed acquisition, direct distribution by parts suppliers to customers, decreased demand for products of The Parts Alliance, increased indebtedness of the combined company following the completion of the proposed acquisition, the risk that The Part Alliance business will be adversely impacted during the pendency of the proposed acquisition, litigation involving The Parts Alliance industry and economic-related risks, the impact of the announcement of the acquisition of The Parts Alliance’s relationship with third parties, including commercial counterparties economic climate, decreased financial strength of suppliers, proliferation of replacement parts, inflation, fuel price fluctuations, exchange rate fluctuations, interest rate fluctuations, risks relating to Uni-Select’s business model and strategy and implementation of acquired businesses. Readers are cautioned that the foregoing list is not exhaustive. For additional information with respect to risks and uncertainties, refer to the Annual Report filed by Uni-Select with the Canadian securities commissions.

To the extent any forward-looking information in this presentation constitutes future-oriented financial information or financial outlooks, within the meaning of securities laws, such information is being provided to demonstrate the potential benefits of the proposed acquisition and readers are cautioned that this information may not be appropriate for any other purpose. Future-oriented financial information and financial outlooks, as with forward-looking information generally, are, without limitation, based on the assumptions and subject to the risks set out above.

The forward-looking information contained herein is expressly qualified in its entirety by this cautionary statement. The forward-looking information contained herein is made as of the date of this presentation, and Uni-Select undertakes no obligation to publicly update such forward-looking information to reflect new information, subsequent or otherwise, unless required by applicable securities laws.

External Information: Where this presentation quotes any information or statistics from any external sources, it should not be interpreted that the Corporation has adopted or endorsed such information or statistics as being accurate. We advise you that some of the information presented herein is based on or derived from statements by third parties, has not been independently verified by or on behalf of the Corporation, and that no representation or warranty, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of this information or any other information or opinions contained herein, for any purpose whatsoever.

Non-IFRS (Non-UK GAAP) Measures: The information included in this presentation (and the attached appendix) contains certain measures that are not recognized measures under IFRS or with United Kingdom Generally Accepted Accounting Principles (UK GAAP). Non-IFRS or non-UK GAAP financial measures do not have any standardized meaning prescribed by IFRS or UK GAAP and are therefore unlikely to be comparable to similar measures presented by other entities. Such measures are used to provide investors with supplemental measures of the operating performance of Uni-Select and Parts Alliance that may not otherwise be apparent when relying solely on IFRS (UK GAAP) financial measures. The financial measures that are not determined in accordance with IFRS and UK GAAP in this presentation (and the attached appendix) are expressly qualified by this cautionary statement.

Additionally, the estimated adjusted EBITDA and run rate adjusted EBITDA contributions from Parts Alliance are based on the financial statements of Parts Alliance, which were prepared in accordance with UK GAAP and converted to United States dollars at average historical exchange rates on an annual basis but no assurance can be given that these expectations will prove to be correct and such figures should not be unduly relied upon. Readers are also cautioned that the financial results of Parts Alliance have not been reconciled to IFRS and may be subject to adjustment.

Basis of presentation: Unless otherwise indicated in this document, all amounts are expressed in millions of US dollars, except per share amounts, percentages and otherwise specified. £ converted to US dollars at currency exchange rate using average rate over the period mentioned throughout this presentation.

Agenda

- Transaction Overview
- Transaction Rationale
- Financial Considerations
- Conclusion

This transaction is the result of a thorough strategic analysis

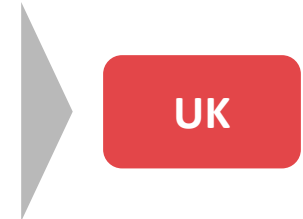

1 Look outside North America

- To access a new market with high consolidation potential
- To create a third growth pillar for Uni-Select
- To achieve geographic diversification and improve the business risk profile

2 Select the UK automotive aftermarket parts market as point of entry

- Fourth largest European market, worth £4.1 billion per year
- One of the most fragmented in Europe, with significant potential for consolidation
- Expected to see continued growth, driven mostly by growing and ageing UK car park
- Natural cultural fit

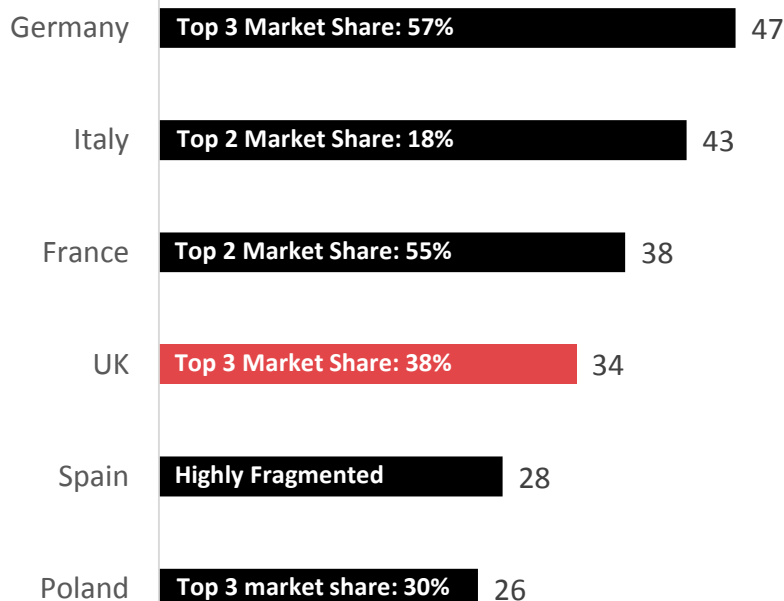

3 Target attributes

- Leading UK distributor, with national footprint and significant operational scale (one of only two major players)
- Demonstrated ability to grow organically and through acquisitions
- Similar core business profile with similar supply base
- Sales and people driven culture
- Focused on growing business through the corporate store network and independent affiliated customers

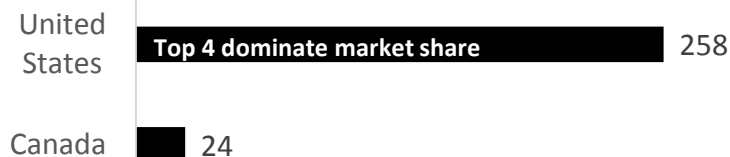

Large and Growing UK Automotive Aftermarket Parts Market

Top 6 European Markets (Car park size in millions of vehicles)

North American Markets

(Car park size in millions of vehicles)

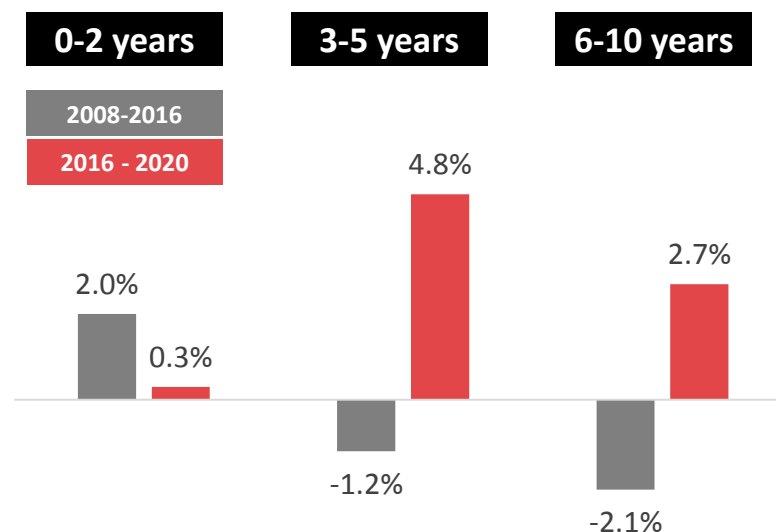

Positive Market Dynamics

- **Increasing car park age**
Older cars drive demand for aftermarket parts
- **Mandatory regulations**
UK Ministry of Transport (MOT) regulations impose a thorough inspection on all cars reaching 3 years of age

Average age of UK car park will increase in the next 4 years

NON-IFRS (NON- UK GAAP) MEASURES

- **EBITDA** – this measure represents net earnings excluding finance costs, depreciation and amortization as well as income taxes.
- **Adjusted EBITDA** – this measure represents EBITDA as defined above excluding certain items which may affect the comparability of the entity financial results. Such items may include, among other things, restructuring and other charges, additional liabilities incurred in 2016 in connexion to the sale of net assets closed in June 2015 and costs related to business acquisitions. The exclusion of these items does not indicate that they are non-recurring.
- **Adjusted EBITDA margin** – the adjusted EBITDA margin is a percentage corresponding to the ratio of adjusted EBITDA to sales.
- **Funded debt to adjusted EBITDA ratio** – is defined as the long-term debt, including the portion due within a year, net of cash, divided by adjusted EBITDA.
- **Run rate adjusted EBITDA** – is defined as adjusted EBITDA of The Parts Alliance adjusted for full-year contribution from various completed acquisitions, synergies and costs savings initiatives of The Parts Alliance, including a recent acquisition closed during May 2017.
- **Adjusted EPS** – is defined as net earnings per share from operating activities excluding certain adjustments, net of income taxes, which may affect the comparability of the Corporation financial results. Such items may include, among other things, restructuring and other charges, additional liabilities incurred in 2016 in connexion to the sale of net assets closed in June 2015, costs related to business acquisitions and finance costs. The exclusion of these items does not indicate that they are non-recurring.
